## **Conference Microphone System Price List**

and 1 mixed unbalanced output, Support 8 groups of 16 Mics use simultaneously  Wireless VHF Conference Microphone System (8 MICs)  Wireless VHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (2 MICs)  Wireless UHF Conference Microphone System (4 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (6 MICs)  Wireless UHF Conference Microphone System (CMS-U608  Wireless UHF Conference Microphone System (CMS-3504C CMS-3515C CMS-3515C CMS-3515C CMS-3515C CMS-3515C CMS-3515D Digital Conference CMS-35	Conference Microphone					
Conference Microphone System (2 MICs)  Wireless VHF Conference Microphone System (4 MICs)  Wireless VHF Conference Microphone System (8 MICs)  Wireless VHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (2 MICs)  Wireless UHF Conference Microphone System (3 MICs)  Wireless UHF Conference Microphone System (4 MICs)  Wireless UHF Conference Microphone System (6 MICs)  Wireless UHF Conference Microphone System (6 MICs)  Wireless UHF Conference Microphone System (6 MICs)  Wireless UHF Conference Microphone System (7 MICs)  Wireless UHF Conference Microphone System (8 MICs)  The panel adopts buttons to control speaking mode and the number of speakers, breaking the traditional dial control The number of speakers, breaking mode and the number of speakers, breaking mode and the number of speakers, 13, 5 and full copening 4 forms can be chosen) 16 meeting work mode il support 6 microphone units, Wireless UHF Digital Conference Microphone System (Chairman & Delegate)  Digital Conference Microphone System (Chairman & Delegate)  CMS-802C CMS-80	No.	Product	Mode	Ref Pic	Specification	
Conference Microphone System (A MiCs)  CMS-V104  Wireless VHF Conference Microphone System (B MiCs)  Wireless UHF Conference Microphone System (C MICs)  Wireless UHF Conference Microphone System (B MiCs)  Wireless UHF Conference Microphone System (C MICs)  Wireless UHF Conferen	1	Conference Microphone System	CMS-V102		190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 8 groups or	
CMS-V104 System (8 MICs)  Wireless UHF Conference Microphone System (2 MICs)  Wireless UHF Conference Microphone System (2 MICs)  CMS-U602  Wireless UHF Conference Microphone System (2 MICs)  CMS-U604  Wireless UHF Conference Microphone System (4 MICs)  CMS-U604  Wireless UHF Conference Microphone System (8 MICs)  The panel adopts buttons to control speaking mode and the number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers, breaking the traditional dial control   The number of speakers   6 meeting work mode   1 support 60 microphone units,   Sultin telephone coupler input and output port   RS-232 interface   Discussion   6 meeting work mode   1 support 150 microphone units   TCP/IP or RS-232   Short-circuit input for   ENC  adjust voice sensitivity and volume  Built-in to   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card reader check-in (legin) function   6 in 4 out   Card r	2	Conference Microphone System	CMS-V104		190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 4 groups or	
4 Conference Microphone System (2 MICs)  Wireless UHF Conference Microphone System (4 MICs)  Wireless UHF Conference Microphone System (4 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (6 MICs)  Wireless UHF Conference Microphone System (7 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (Chairman & Delegate)  Wireless UHF Conference Microphone System (Chairman & Delegate)  Wireless UHF Conference Microphone System (Chairman & Delegate)  CMS-3504D  The panel adopts buttons to control speaking mode and the number of speakers: 1, 3,6 and full opening (4 forms can be chosen)   6 meeting work mode   It support 60 microphone units   Sulti-in telephone coupler input and output port   RS232 interface  Digital Conference Microphone System (Chairman & Delegate)  Digital Conference Microphone System (Chairman & Delegate)  CMS-3515D  CMS-3516D  CMS-3604C  CMS-3515D  CMS-3516D  CMS-3517D  CMS-3518D  CMS-3518D  CMS-3519D	3	Conference Microphone System	CMS-V104		190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 2 groups or	
Conference Microphone System (4 MICs)  Wireless UHF Conference Microphone System (8 MICs)  Wireless UHF Conference Microphone System (Chairman & Delegate)  Wired Discussion Microphone System (Chairman & Delegate)  Digital Conference Microphone System (CMS-3515C CMS-3515C CMS-3692C CMS-692C	4	Conference Microphone System	CMS-U602		900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 20 groups or 40	
Conference Microphone System (8 MICs)  Wired Discussion Microphone System (Chairman & Delegate)  Wired Discussion Microphone System (Chairman & Delegate)  Wired Discussion Microphone System (Chairman & Delegate)  Digital Conference Microphone System (CMS-892C CMS-892D (CMS-892D (CMS-89	5	Conference Microphone System	CMS-U604		900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 10 groups or 40	
Wired Discussion Microphone System (Chairman & Delegate)  Wired Discussion Microphone System (Chairman & Delegate)  Wired Discussion Microphone System (Chairman & Delegate)  CMS-3504D  Wired Discussion Microphone System (Chairman & Delegate)  CMS-351M CMS-3515C CMS-3515D  CMS-3515D  Digital Conference Microphone System (Chairman & Delegate)  Digital Conference Microphone System (Chairman & Delegate)	6	Conference Microphone System	CMS-U608		900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 5 groups or 40	
Wired Discussion Microphone System (Chairman & Delegate)  CMS-351M CMS-3515C CMS-3515D  Digital Conference Microphone System (Chairman & Delegate)  CMS-690M CMS-692C CMS-692D  CMS-692D  CMS-692D  CMS-692D  CMS-692D  CMS-692D  CMS-351M CMS-351D  Discussion   6 meeting work mode   It support 150 microphone units   TCP/IP protocol   RS232 interface   Protocol TCP/IP or RS-232   Short-circuit input for EMC  adjust voice sensitivity and volume  Built-in IC card reader for check-in (sign) function   6 in 4 out	7	Microphone System	CMS-3504C	C C C C C C C C C C C C C C C C C C C	and the number of speakers, breaking the traditional dial control   The number of speakers: 1, 3,6 and full opening( 4 forms can be chosen)   6 meeting work	
Digital Conference Microphone System (Chairman & Delegate)  Digital Conference  Microphone System (Chairman & Delegate)  Digital Conference  Microphone units   TCP/IP protocol   RS232 interface   Protocol TCP/IP or RS-232   Short-circuit input for EMC  adjust voice sensitivity and volume  Built-in IC card reader for check-in (sign) function   6 in 4 out	8	Microphone System	CMS-3515C	SETOMS SECTION	and the number of speakers   6 meeting work mode   It support 60 microphone units   Built-in telephone	
	9	Microphone System	CMS-692C		microphone units   TCP/IP protocol   RS232 interface   Protocol TCP/IP or RS-232   Short-circuit input for EMC  adjust voice sensitivity and volume  Built-in IC card reader for check-in (sign) function   6 in 4 out
