

**Wireless VHF UHF Microphone Transmitter & Receiver Price List**

VHF UHF Wireless Microphone				
No.	Product	Mode	Ref Pic	Specification
1	Mini Wireless VHF Transmitter & Receiver	MRC-V10		MRC-10 is a small and portable wireless set with VHF mic, frequency selection of IR, with 100 frequencies, easy to set and operate, working distance about 30 meters
2	Mini Wireless VHF Transmitter & Receiver	MRC-V12A		MRC-V12A is a small and portable wireless set with VHF mic, VHF transmitter 210~270MHz quartz control phase locked
3	Mini Wireless VHF Transmitter & Receiver	MRC-V12B		MRC-V12B is a small and portable wireless set with VHF mic, VHF transmitter 210~270MHz quartz control phase locked
4	Wireless VHF Transmitter & Receiver (2 MICs)	WM-V102		2 Channel VHF mic, VHF transmitter 190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 8 groups or 16 Mics use simultaneously
5	Wireless VHF Transmitter & Receiver (4 MICs)	WM-V104		4 Channel VHF mic, VHF transmitter 190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 4 groups or 16 Mics use simultaneously
6	Wireless VHF Transmitter & Receiver (8 MICs)	WM-V108		8 Channel VHF mic, VHF transmitter 190MHz~280MHz, Quartz crystal, 2 balanced output and 1 mixed unbalanced output, Support 2 groups or 16 Mics use simultaneously
7	Wireless UHF Transmitter & Receiver (2 MICs)	WM-U202		2 Channel UHF mic, UHF transmitter 500MHz~900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 20 groups or 40 Mics use simultaneously
8	Wireless UHF Transmitter & Receiver (4 MICs)	WM-U204		4 Channel UHF mic, UHF transmitter 500MHz~900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 10 groups or 40 Mics use simultaneously
9	Wireless UHF Transmitter & Receiver (8 MICs)	WM-U208		8 Channel UHF mic, UHF transmitter 500MHz~900MHz, PLL synthesized, 2 balanced output and 1 mixed unbalanced output, Support 5 groups or 40 Mics use simultaneously
